

# PREPARATION IT'S ALL IN THE PREP

Achieving a quality product is often about getting the basics right. Through Interfood's Preparation Division, you can ensure you have the equipment to ensure that the early stages of your product processing do not let you down.

From **K&G Wetter** is a premium range of Bowl-Cutters and Grinders which are recognised worldwide for their high quality, reliability and hygienic performance, with cutting-edge software and touchscreens that set the standard in this competitive marketplace.

And, for mixing applications, **Inotec** offers the flexibility that comes with a wide range of mixer designs to accommodate many different products. The company's expertise also extends into emulsifying applications and sausage link-cutting, always combining heavy duty construction with the latest in software control.
